Ethea Philosophy

IT ETHEA è un sistema di librerie e scrivanie modulari, applicazione del concetto BE HUMAN, proposto dall'architetto Ilaria Marelli e sviluppato da Manerba. Forza e Versatilità, Leggerezza e Flessibilità sono i punti di forza del progetto ETHEA che nasce dall'ascolto attento dei desideri e dei bisogni di chi abita gli spazi di lavoro, ripensati come luoghi ospitali, dove flessibilità e benessere si intrecciano in armonie di colore. Una collezione di librerie, scrivanie modulari, tavoli bar nata per interpretare con naturale versatilità gli spazi ibridi contemporanei: prodotti leggeri nelle forme, luminosi nella palette, capaci di trasmettere energia positiva.

EN ETHEA is a system of modular bookcases and desks, based on the BE HUMAN concept, designed by architect Ilaria Marelli and developed by Manerba. Power and Adaptability, Lightness and Flexibility are the fundamental attributes of the ETHEA project, stemming from careful consideration of the needs and desires of those who occupy workspaces, and are redesigned as welcoming environments where flexibility and wellness blend through colour harmonies. A collection of bookcases, modular desks, and bar tables crafted to showcase the versatility of contemporary hybrid spaces: products with lightweight designs, bright in their palette, capable of conveying positive energy.

∨ Ethea bookcase:
4 x M502 Medium shelving L90
4 x F700M Holed metal backrest
2 x F722 Fabric backrest
6 x F810 Connection clip

∨ Super Random seatings:
2 x F04 Soft element 90°
1 x S10 Beechwood end element
1 x S14 Beechwood central element

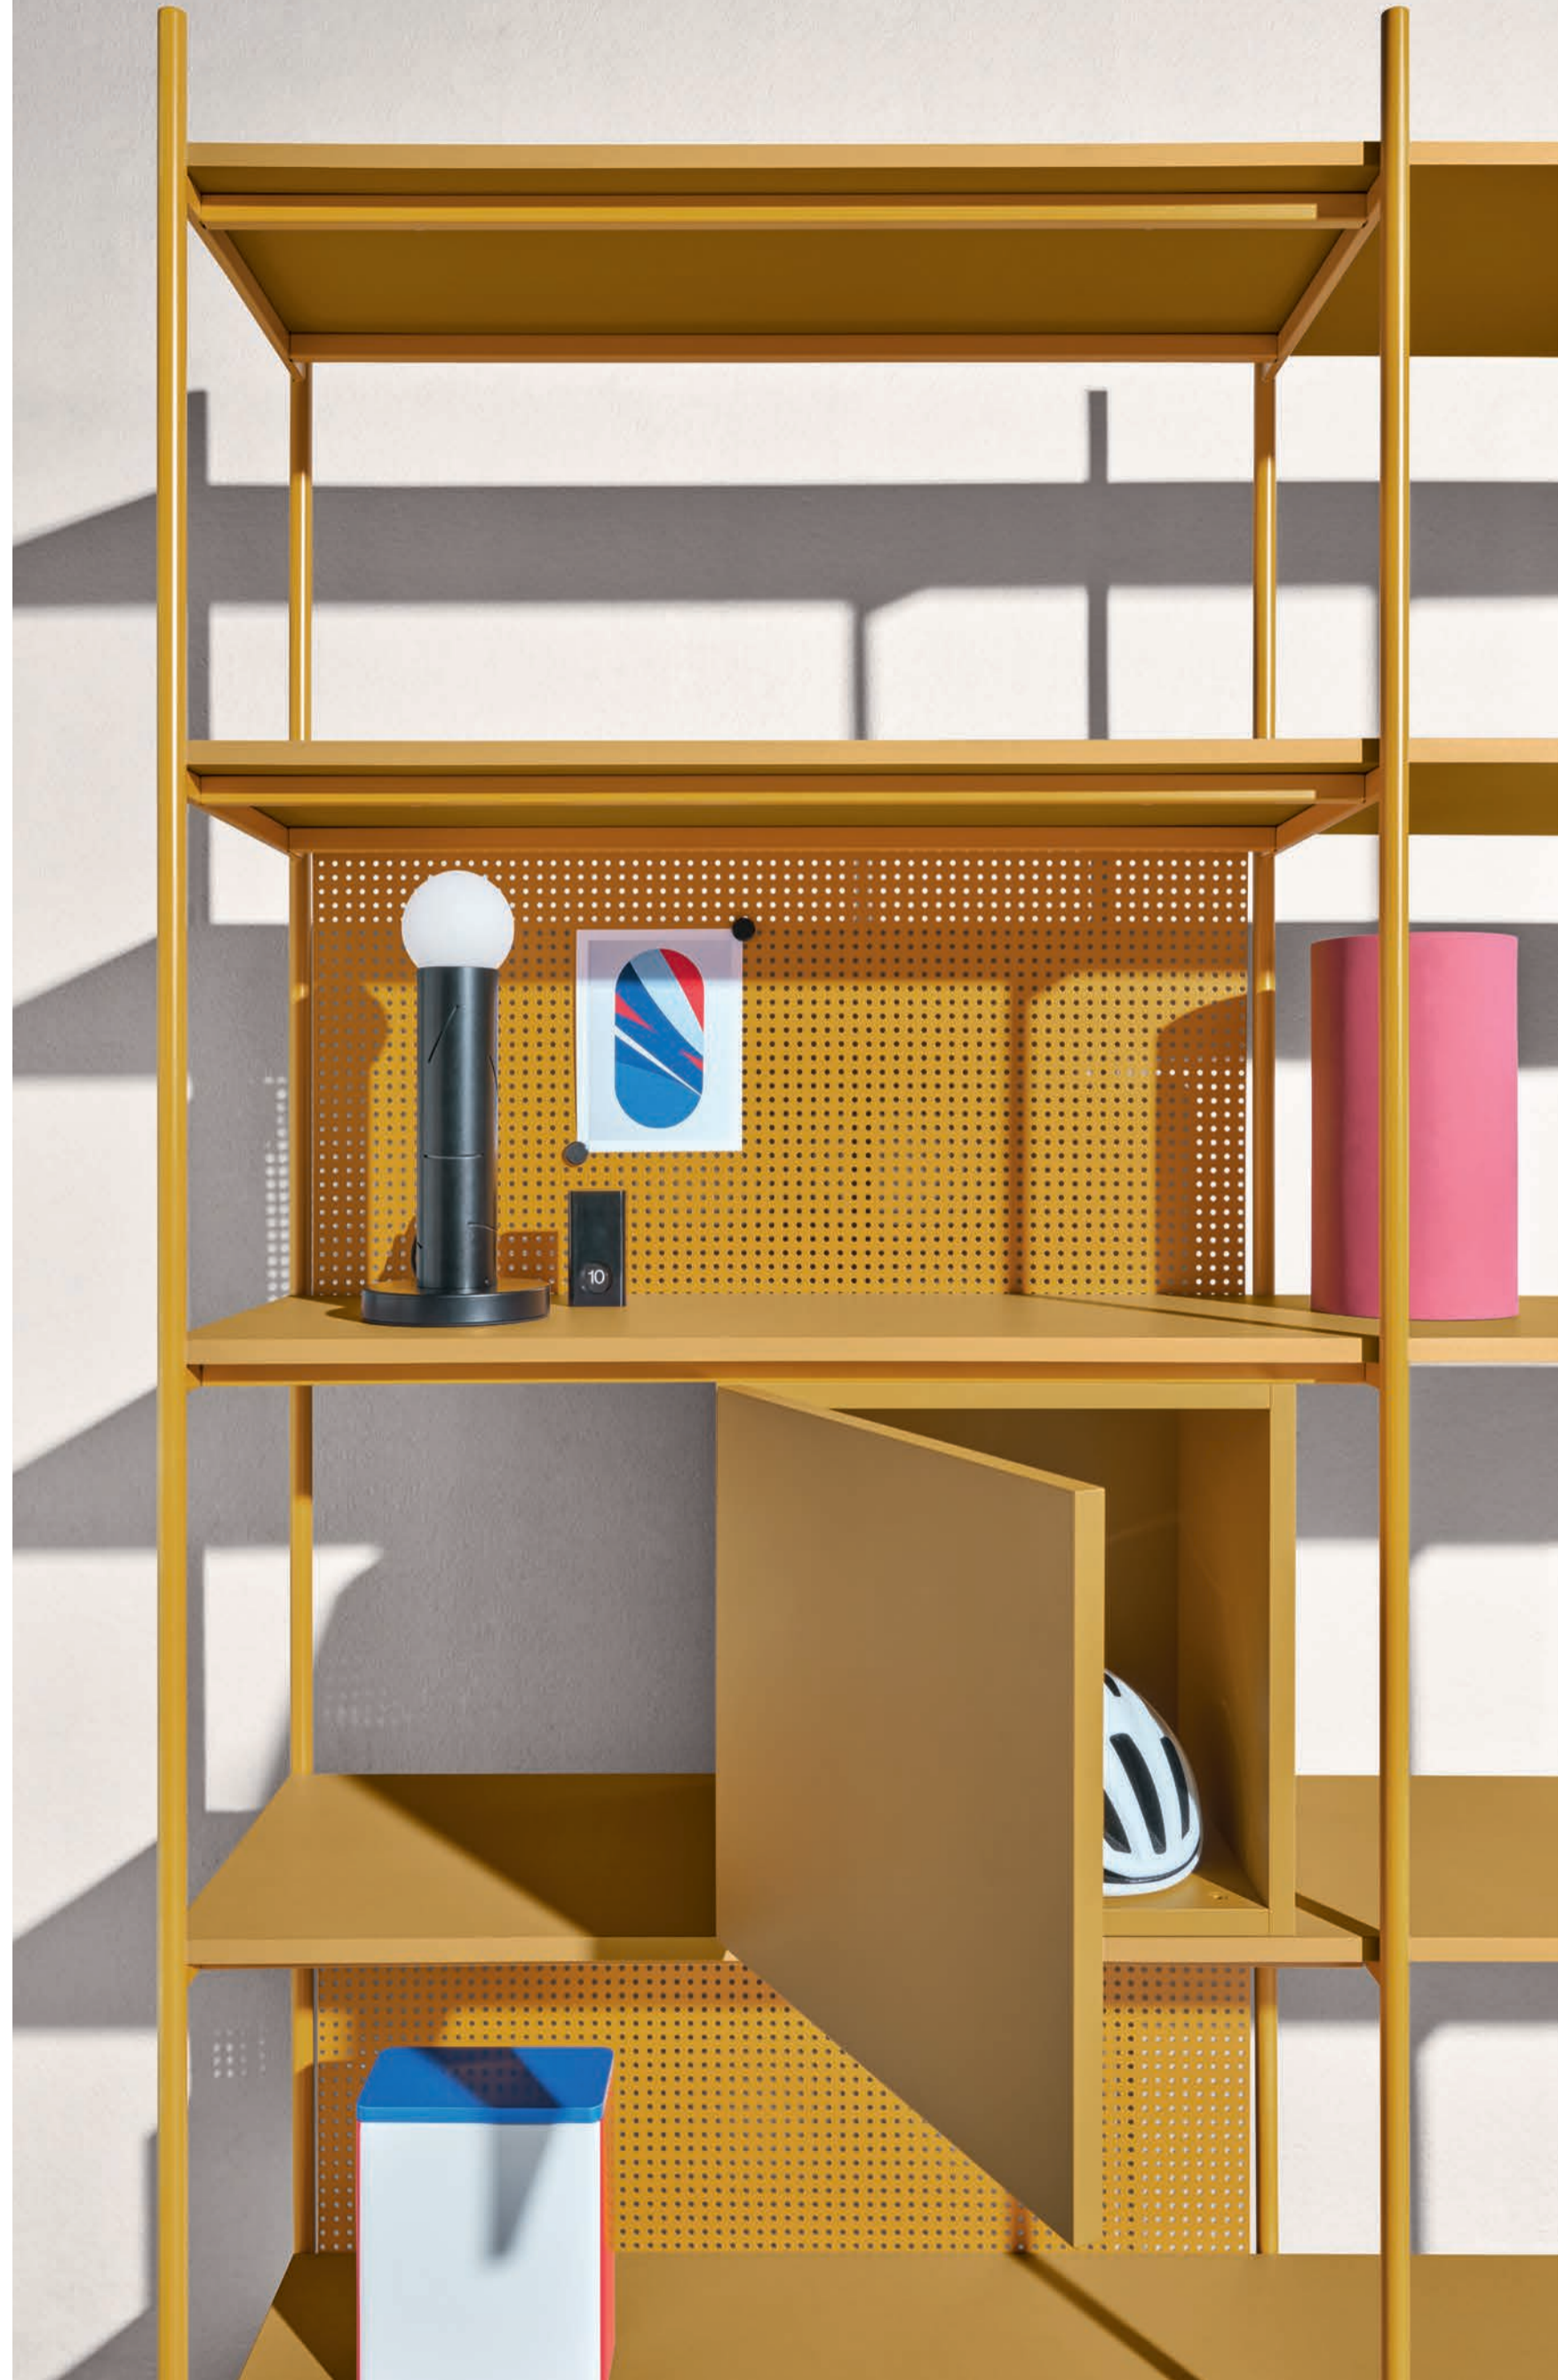

Shelving System

IT Il sistema di librerie ETHEA sfrutta le superfici verticali mantenendo un'estetica pulita, leggera e contemporanea. Librerie modulari riconfigurabili che conferiscono eleganza compositiva e adattabilità. Possono essere utilizzate sia a parete sia come elementi divisori per separare gli spazi. La sottile struttura in metallo tubolare a sezione rotonda offre varietà di configurazioni senza risultare ingombrante. Giocando con gli orientamenti è possibile creare composizioni lineari o curvilinee, chiuse con contenitori o divisori, oppure aperte con ripiani a vista. Ogni elemento può essere spostato, riconfigurato, regolato o ampliato, offrendo la massima libertà di riprogettare il layout in qualsiasi momento. Le librerie si uniscono con una semplice clip! La struttura a telaio aperto permette di separare gli spazi preservando la continuità visiva e la luce naturale, mantenendo una sensazione di apertura e spaziosità.

EN The ETHEA bookcase system utilises vertical spaces to maintain a sleek, lightweight, and modern appearance. Reconfigurable modular bookcases offering elegant composition and flexibility. They can be utilised either as wall units or as room dividers to separate spaces. The sleek tubular metal structure with a round cross-section offers a range of configurations without being bulky. Experimenting with different orientations enables the creation of linear or curved arrangements, either enclosed with containers or dividers, or open with visible shelving. Each component can be moved, reconfigured, fine-tuned, or enlarged, providing complete freedom to redesign the layout whenever needed. The bookcases connect with a simple clip! The open-frame design enables the separation of spaces while preserving visual continuity and natural light, fostering a sense of openness and spaciousness.

➤ Ethea bookcase:
1 x F526 High shelving L225
2 x F660 Locker
4 x F700L Holed metal backrest

➤ Ethea table:
1 x F138 Rectangular
meeting table 240x100
3 x S10S04 Easy chair

Desk System

IT Il sistema di scrivanie, tavoli, tavolini bassi e alti, tavolini da bar, consolle è flessibile e versatile. Condivide con la libreria la struttura in metallo tubolare a sezione rotonda. Le postazioni di lavoro possono essere singole, a 2 o 4 posti, lineari o bi-frontali, con divisori fonoassorbenti che garantiscono la riduzione del rumore. Che si tratti di un open-space, di uno studio creativo, di un'area reception in hotel o sedi aziendali, di una zona collaborativa, ristorante o store, il sistema di scrivanie ETHEA è progettato per evolversi insieme allo spazio. Grazie alla possibilità di riconfigurazione, riutilizzo e facile spostamento, ETHEA favorisce un approccio circolare alla progettazione degli uffici, prolungando la durata del sistema e riducendo costi e impatto ambientale.

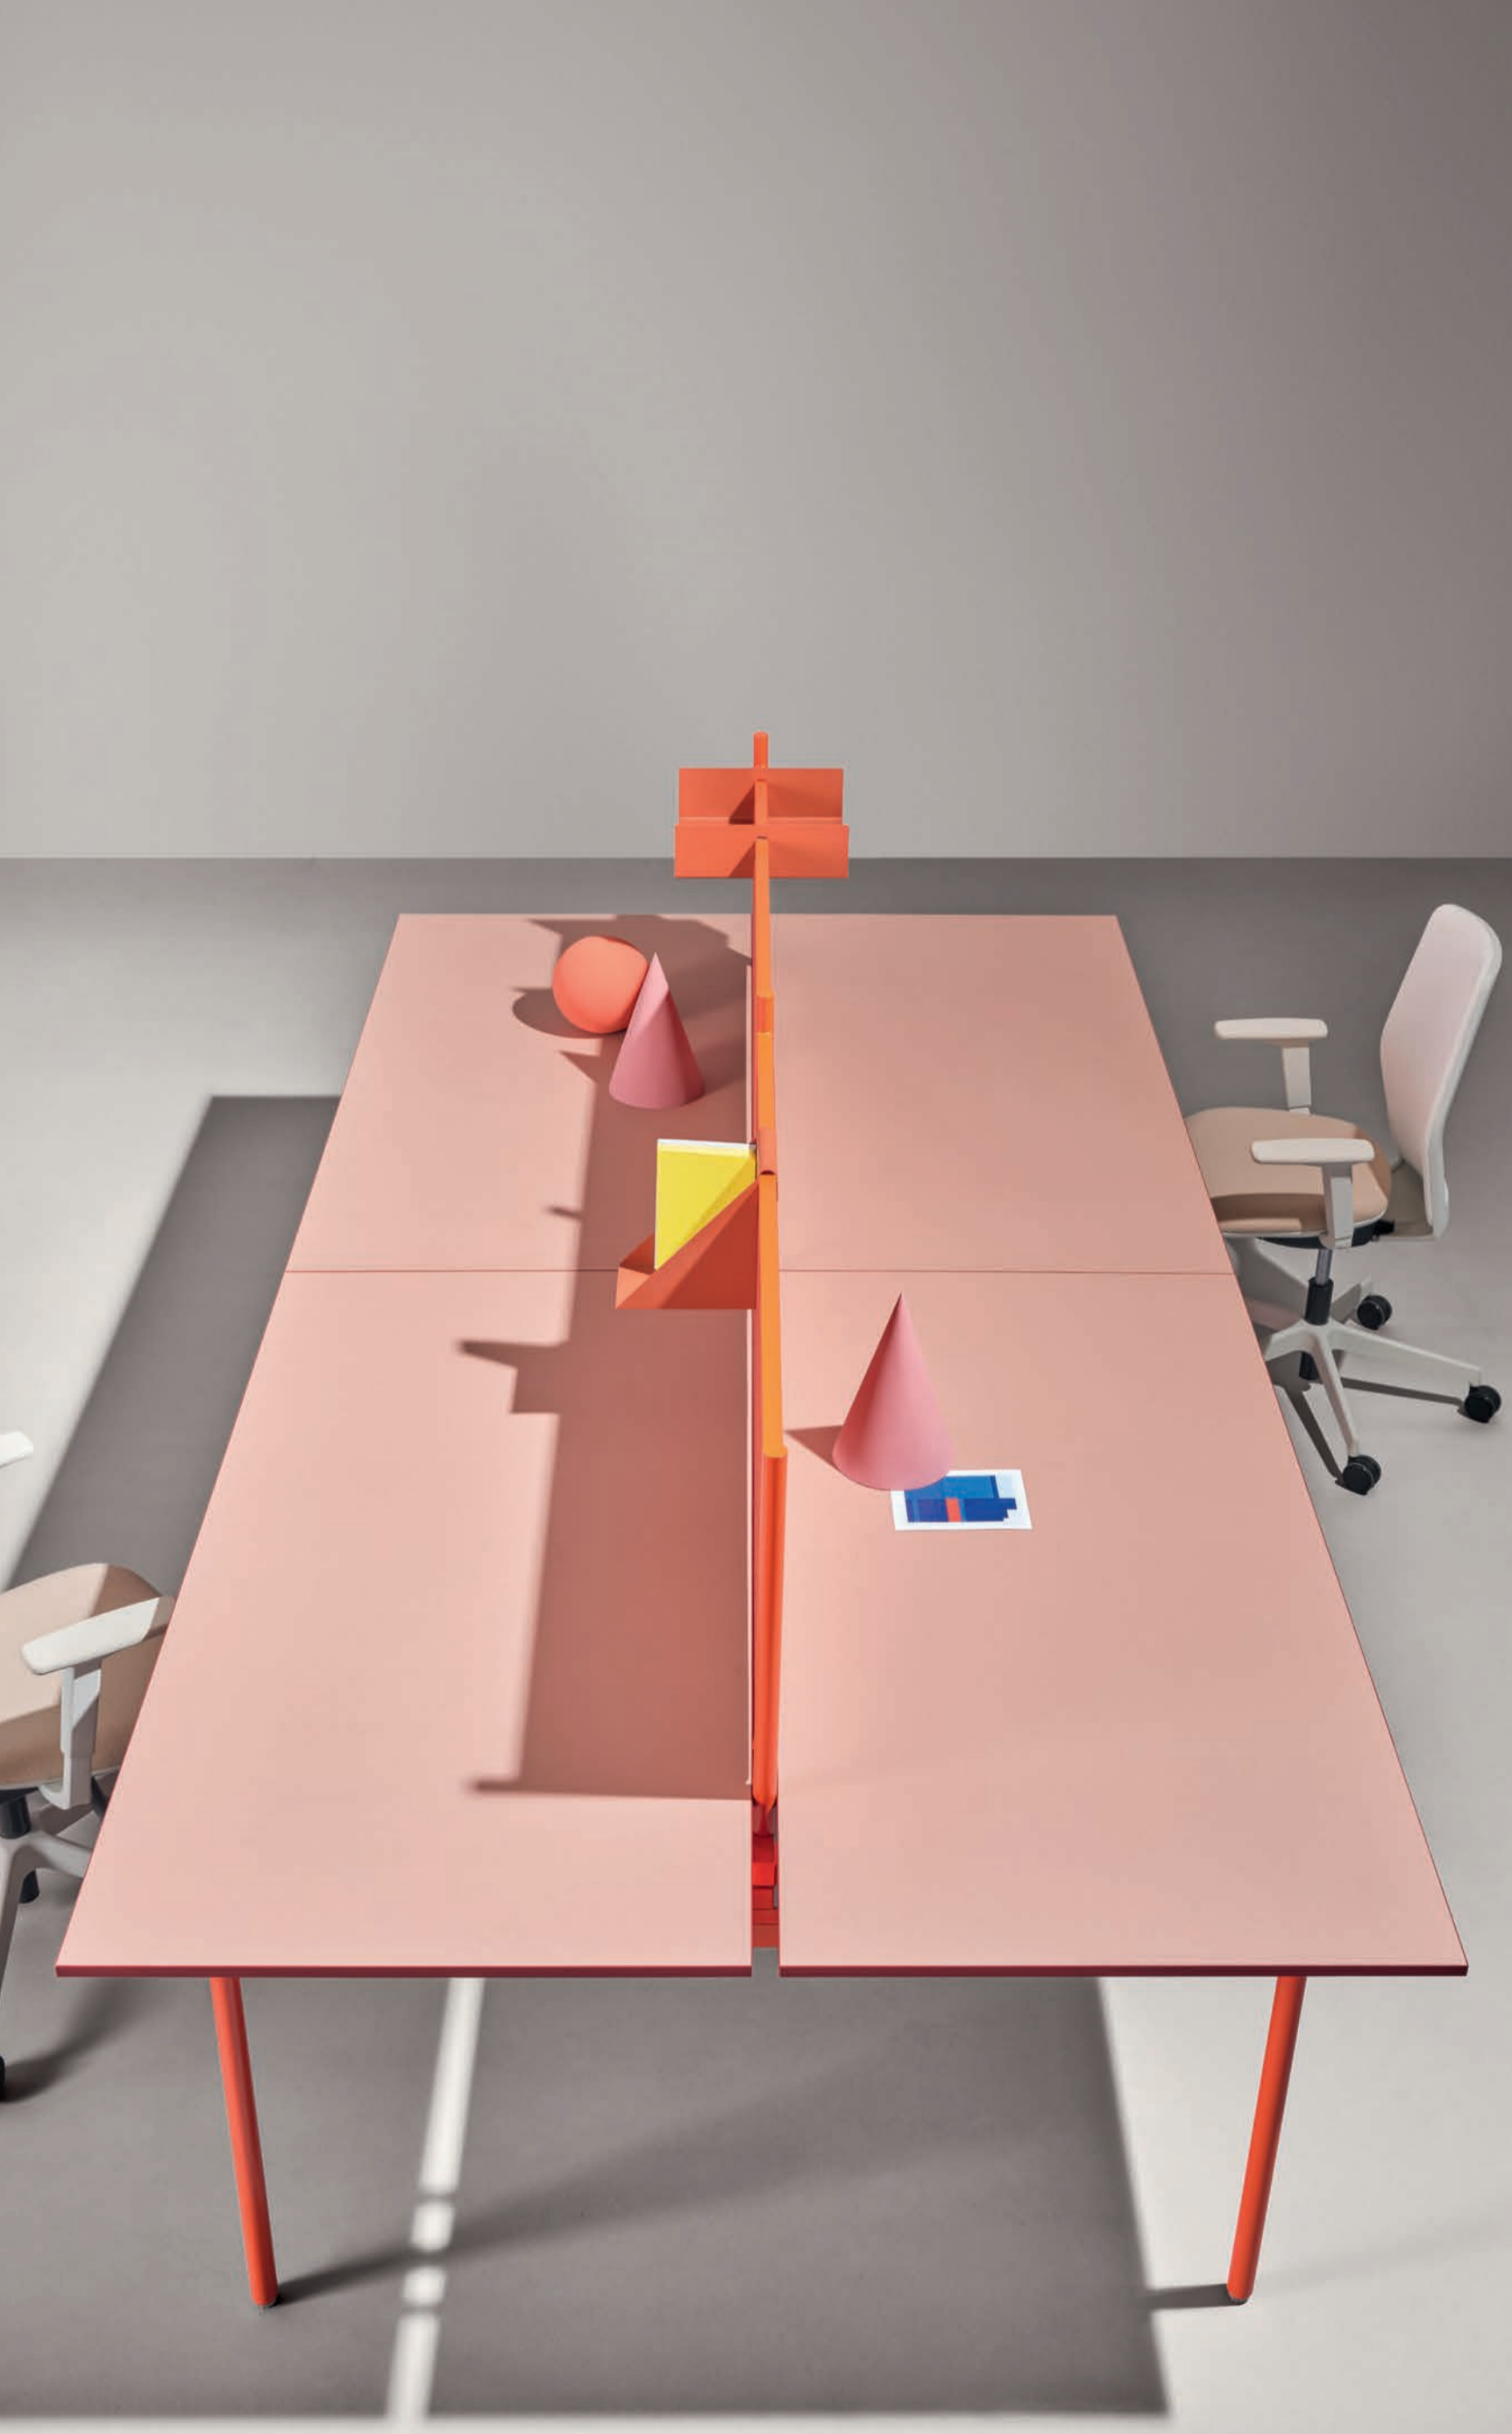

EN The range of desks, tables, low and high coffee tables, bar tables, and consoles is adaptable and versatile. It shares the bookcase's round-section tubular metal structure. Workstations can be individual, 2- or 4-seat, linear, or face-to-face, with sound-absorbing partitions that help reduce noise. Whether it is an open space, a creative studio, a hotel's reception, corporate offices, a collaborative area, a restaurant, or a shop, the ETHEA desk system is designed to evolve with the space. By enabling reconfiguration, reuse, and easy relocation, ETHEA supports a circular approach in office design, extending the system's lifespan and reducing costs and environmental impact.

√ Ethea bookcase:
2 x F506 High shelving L90

√ Ethea table:
1 x F240 4-place workstation 320×163
1 x S240 Screen for 4-place workstation

√ Seatings and drawer-unit:
2 x ST152IM02G Lia armchair
1 x F320 Unibox slim drawer-unit

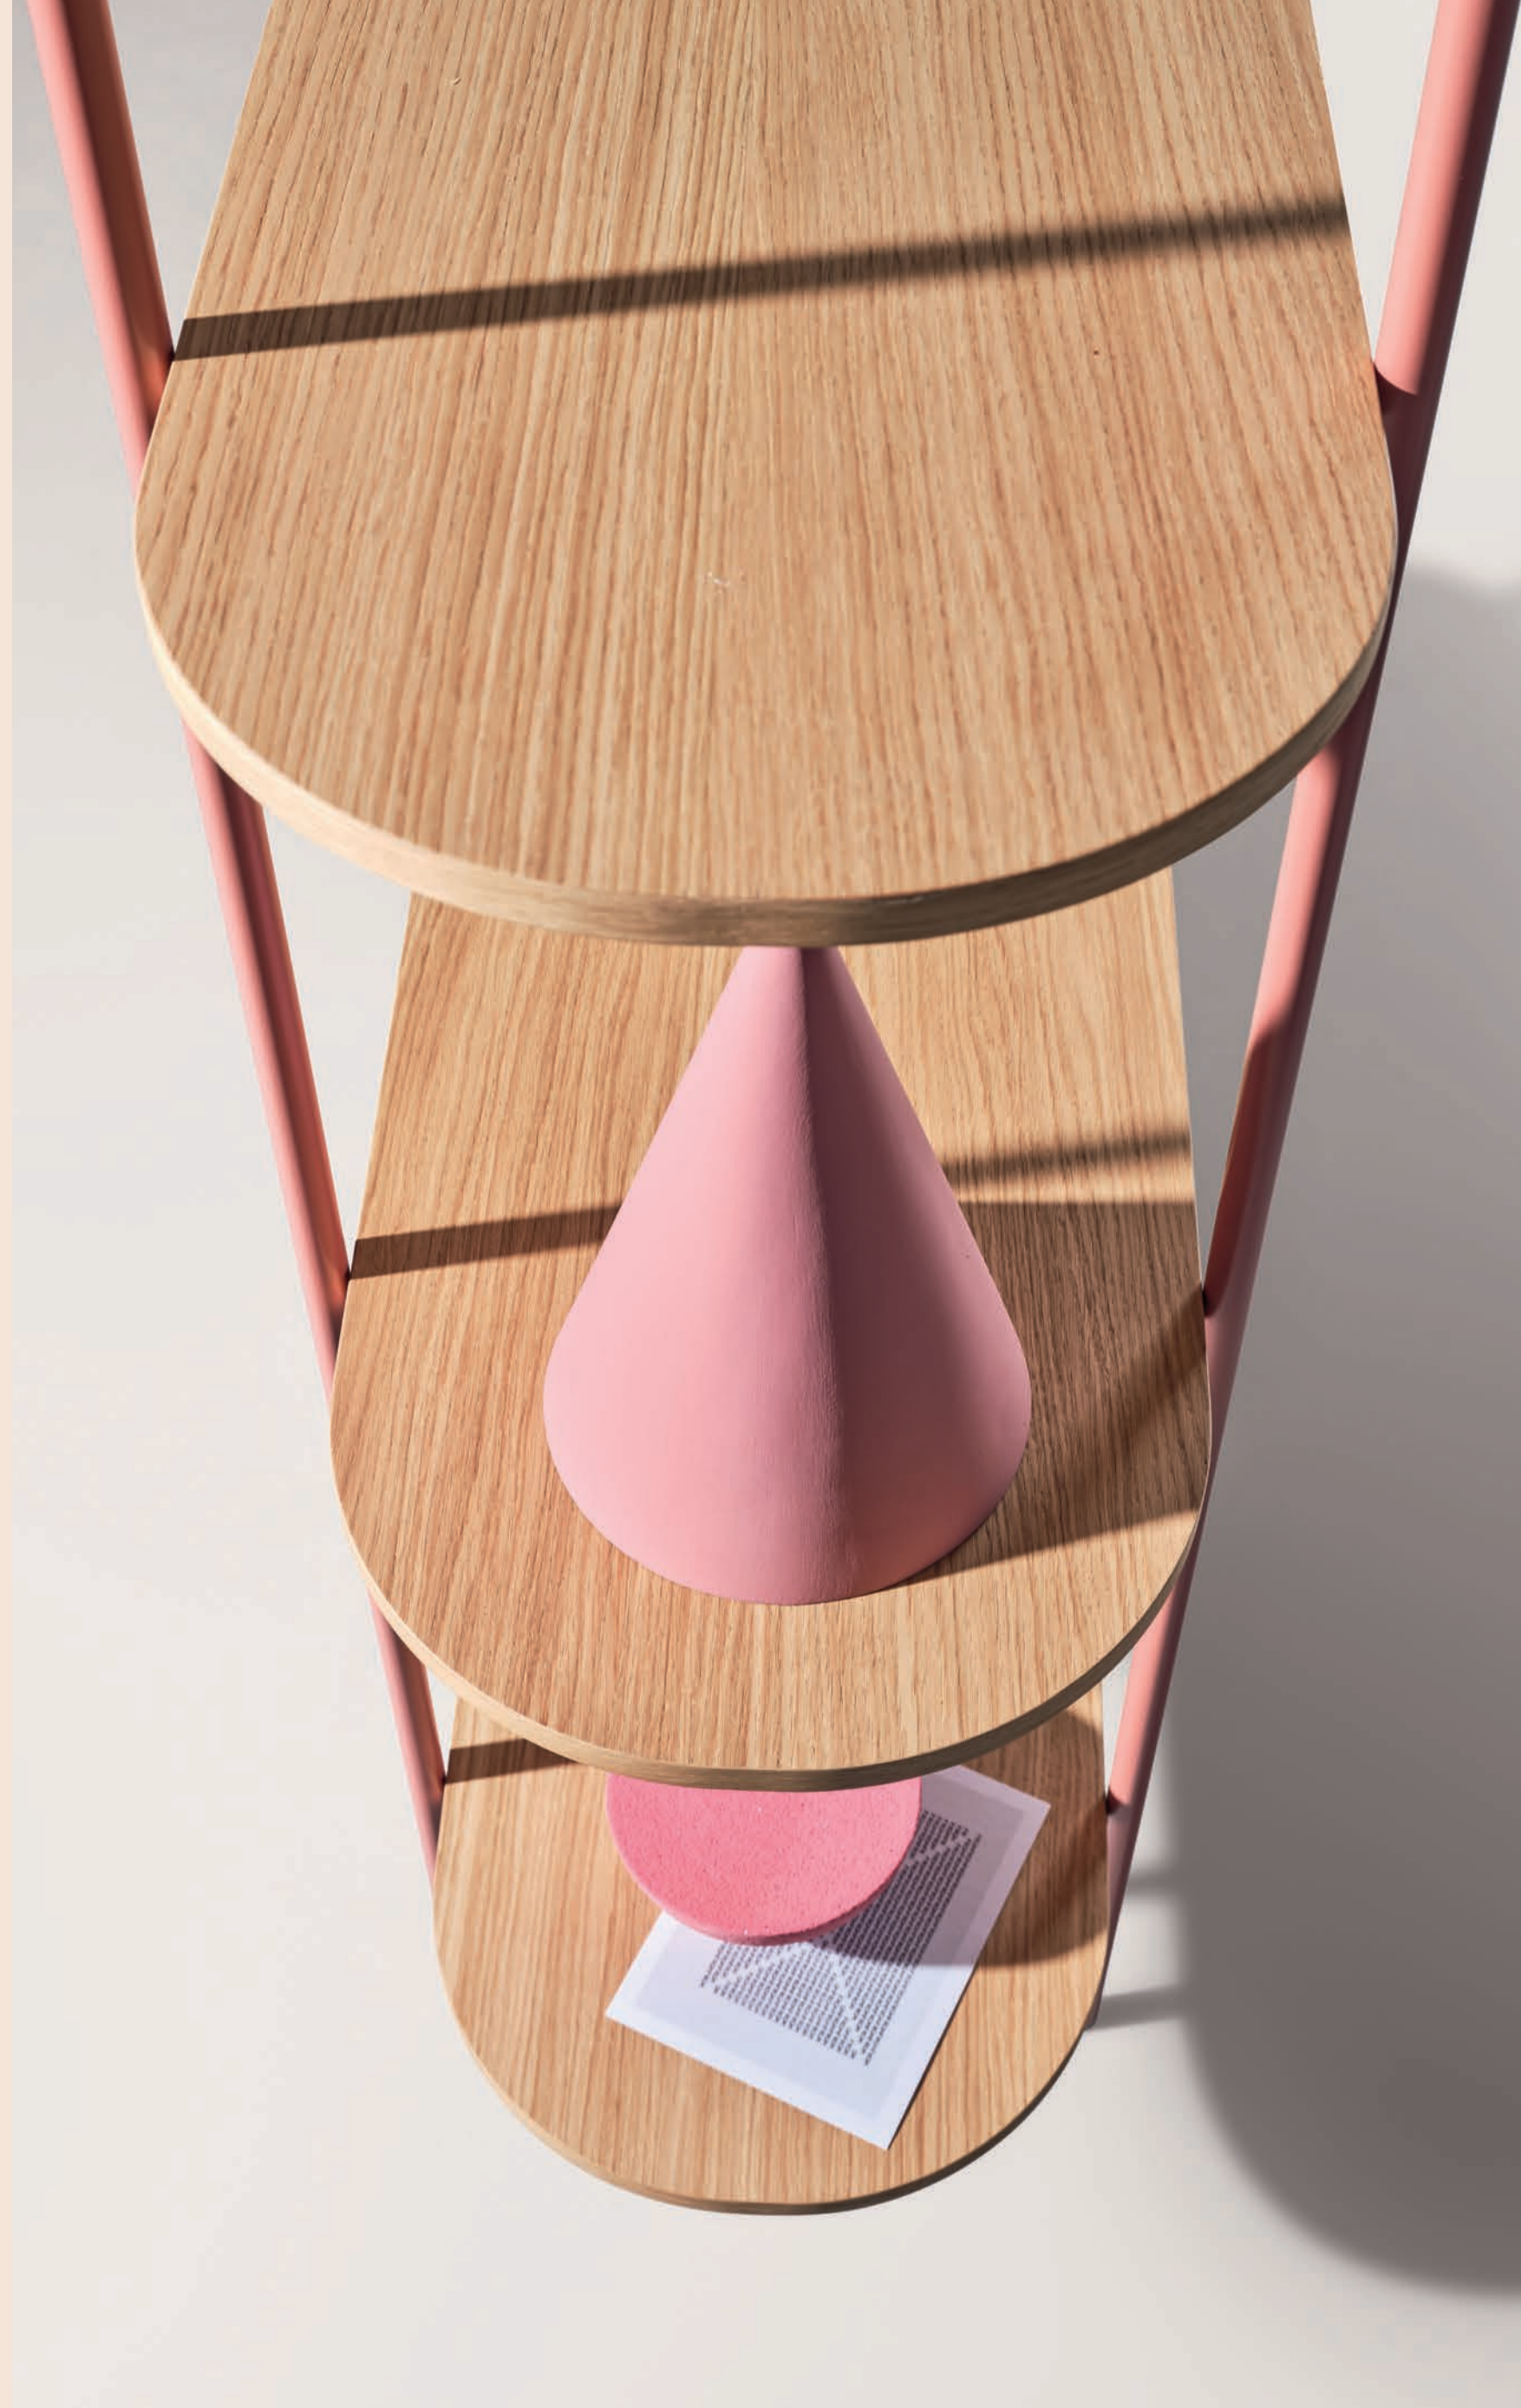

Endless Solutions

IT **ETHEA è versatile nell'utilizzo, personalizzabile, colorato, declinato con ampiezza di gamma. ETHEA rende gli spazi flessibili e riconfigurabili partendo da moduli singoli 'leggeri' e facilmente assemblabili. ETHEA è personalizzabile tramite la scelta degli accessori: pannelli fonoassorbenti, ripiani, contenitori, lockers, griglie, e fioriere consentono di assecondare i bisogni delle persone che li configurano secondo gusto e necessità, umanizzando l'ambiente di lavoro. Il sistema compositivo sia della libreria che della scrivania offre libertà di forme e lunghezze. La varietà di finiture tra cui scegliere - tonalità calde come Ocra, Argilla, Arancio, Granata da abbinare al brillante Azzurro Mare - permette ai designer di interni di creare una configurazione che rifletta l'identità del marchio e si integri con l'ambiente esistente.**

EN **ETHEA is versatile, customisable, colourful, and offered in a wide range. ETHEA makes spaces adaptable and reconfigurable, beginning with lightweight, single modules that can be easily assembled. ETHEA can be customised through various accessories: sound-absorbing panels, shelves, containers, lockers, grids, and planters, enabling individuals to tailor it to their preferences and needs, thereby humanising the work environment. The configuration system for both the bookcase and the desk offers flexibility in shapes and sizes. The variety of finishes available for selection — warm shades like Ochre, Clay, Orange, and Garnet Red to be paired with bright colours such as Sea Blue — enables interior designers to craft a setup that reflects the brand's identity and integrates smoothly with the existing environment.**
